

eirpoint®

store-Point –Handheld Retail Operations

IN-STORE MOBILITY

Our handheld store operations solution keeps your retail staff mobile, out of back office and onto the shop floor, close all stock and always in contact with customers.

MULTI MOBILE FUNCTIONS

Our mobile retail operations software delivers a variety of mobile applications including stock ordering, stock counting, goods inwards & label printing.

GREAT PARTNERS

We partner with Motorola, Zebra and others in order to deliver retailers the best of what is available in rugged handheld and print technologies.

Customer Success Stories

We are proud to be a partner of Musgrave Retail Partners Ireland in delivering in-store retail operations solutions to both the SuperValu and Centra branded stores. This is a partnership that has been in existence for over 10 years. Through this partnership we have delivered invaluable software and services to over 800 retailers in Ireland and UK.

Real Food, Real People

- ✓ **Windows Mobile** : Our store operations software is delivered on rugged Windows Mobile IP rated handhelds drop tested onto concrete floors.
- ✓ **Integration Tools**: We're very experienced with delivering integration of these handheld solutions to a host of retail ERP packages including Aldata GOLD, Navision, Sage and SAP.
- ✓ **Mobile Printers**: we have deployed the retail operations solution in retailer where we have integrated with a myriad of mobile printers. We are Zebra ISV partners but work with other manufacturers if required.
- ✓ **Wireless or Local Data**: our mobile solutions can pull data wirelessly from central databases or work from local database.
- ✓ **24/7 Support**: eirpoint® have been delivering mission critical mobile retail operations solutions for 14 years and we know that support needs to be ever present.
